Celebrating a Champion of Nursing: Sandy Summers, Innovation Leader of the Decade

We are honored to spotlight [Sandy Summers](#), RN, MSN, MPH, the visionary founder and executive director of The Truth About Nursing.

Sandy has dedicated her career to challenging harmful media portrayals of nurses and advocating for a more accurate and respectful representation of this vital profession.

Her groundbreaking work, including the co-authorship of

"Saving Lives: Why the Media's Portrayal of Nursing Puts Us All at Risk," has had a profound impact on how the world perceives nurses.

From her early days as a student at Johns Hopkins University to her impactful media advocacy efforts, Sandy has consistently championed a more accurate and respectful portrayal of nursing.

Her tireless work has not only elevated the public image of nurses but has also empowered nurses to advocate for themselves and demand the respect they deserve.

Congratulations, Sandy Summers, on this well-deserved recognition as the Innovation Leader of the Decade.
