Excessive and unrealistic

We realize the segment aired some time ago, but it remains available online and the damage it causes is too serious to leave unaddressed...

***Salt Lake Tribune* items about abused Utah nurse show power of advocacy**

October 31, 2017 – After nurse Alex Wubbels was forcibly detained for refusing to let a police officer draw blood from an unconscious patient, *Salt Lake Tribune* pieces about the incident included some strong messages about patient advocacy—and advocacy for nurses themselves...
